

# Commercial Tile Cleaning

Deep clean your facility to remove unsafe work conditions, increase customer satisfaction and improve health code compliance

**Restaurants and Commercial kitchens can present interesting cleaning problems!**

First of all, the kitchen is producing food with people running in and out constantly so....food spills and grease splatters on the floor can create dangerous and slippery conditions, and it is all trampled over for hours.

At the end of the night the team sweeps and mops up the kitchen and serving areas. All clean right? No - most cleaning products tend to thin out the fats, oils, and greases. The mop helps move them around with little really getting absorbed or picked up, most of what was on the floor remains on the floor.

**We Clean Kitchens, Bathrooms, Work Areas, Lobbies, Dining Areas, Hallways, and more!**

## Professional Tile & Grout Deep Cleaning

Durable and versatile, tile is becoming more and more popular in commercial settings. Just like carpet and other flooring, tile needs professional cleaning from time to time.

Tiny pores in the tile and grout allow dirt and other contaminants to become trapped below the surface, where they can't be removed with regular mopping. The dirt continues to build up inside the pores, leaving tile and grout looking dark, dirty, and discolored.

This dirty build-up also is an excellent breeding ground for bacteria, mold and mildew. Mopping and hand scrubbing with harsh cleaners can be ineffective, not to mention, time consuming and extremely labor intensive.

Don't spend your valuable time and energy trying to clean your dirty tile and grout. Instead, call the professionals at Service Max to do the dirty work for you. We have equipment and commercial strength cleaning agents specifically designed to handle the tough jobs. Our turbo tile cleaning tool delivers the cleaning agents deep into the tile and grout pores to break apart dirt and contaminants. Then our powerful equipment extracts all of that unwanted dirt, bacteria and water, leaving your tile and grout clean and beautiful once again and with no mess to you.

So the next time your tile floors, walls, and counter tops start looking dull and dingy, don't waste your precious time on your hands and knees.

Instead, call Service Max LLC to do the job for you so your attention can be spent on the people and things that are most important to you.
